TimEbandit News :

Mark Moldre has released the 3rd single, This Romantic Day, from his album The Waiting Room on an EP of outtakes, demos and bonus tracks which contains a song called 'Antidote' co written by timEbandit Powles (who also plays drums on the track) and Powles' son Sam Bright. Church fans in Australia will know Mark from his regular appearances as a guest opening at Church shows.

"Unfolding in a slow waltz time, 'This Romantic Day' crackles and whirs like old film music.....the ethereal, fragile beauty of This Romantic Day is without doubt the album's breathtaking highlight." *TheDwarf.Com.Au*

You can purchase or download Moldre's new EP or anything from his back catalogue, including the albums that the TimEbandit has co-produced ('The Waiting Room' and Hitchcock's Regret's last album 'Endless Intermission') here: <http://markmoldre.bandcamp.com/> or check out the new clip here: <http://www.youtube.com/watch?v=OTN6WaaYmK8>

Keep an eye on TimEbandit's blog for updates on his music world - i.e. Hammock, Montepelier ... and more coming.
